

Nitesh Deshmukh

WEB DEVELOPER | CMS SPECIALIST

London, Ontario • +1 (647) 891-4873 • d.nitesh08@gmail.com • [Portfolio](#) • [LinkedIn](#)

PROFESSIONAL SUMMARY

Web developer with hands on experience building and maintaining client websites on WordPress, WIX Studio, Shopify, and Squarespace, plus enterprise CMS background in Sitecore 9.0. Comfortable owning a project from client brief through launch: page builds, responsive layout fixes, on page SEO, accessibility testing against AODA and WCAG standards, and post launch support. Used to working directly with small business owners and marketing teams, keeping projects moving within tight timelines while staying current with evolving search practices, including how AI answer engines (AEO) are starting to shape SEO work.

CORE SKILLS

Website Platforms: WordPress, Elementor, WIX Studio, Shopify, Squarespace, Sitecore 9.0

Front End & Quality: HTML5, CSS3, responsive layouts, reusable components, cross-browser and cross-device QA

Search & Accessibility: On-page SEO, GA4, Google Tag Manager, content audits, AODA and WCAG accessibility testing, growing familiarity with AEO

Workflow & Creative Tools: Jira, ServiceNow, SharePoint, Adobe Creative Cloud, Canva, Microsoft 365

PROFESSIONAL EXPERIENCE

Freelance Web & Digital Specialist

Project-based engagements, India / Canada

2021 – Present

- Deliver website builds, redesigns, CMS updates, responsive page improvements, forms, content publishing, on-page SEO, analytics support, testing, and post-launch maintenance for small business clients.
- Currently maintain and update the Alvin Solutions WIX Studio website and service pages as an ongoing client engagement.
- Work across WordPress and Elementor, WIX Studio, Shopify, and Squarespace, applying HTML and CSS adjustments to improve presentation and mobile usability.
- Translate client requirements into practical updates, coordinate approvals directly with business owners, run browser and device QA, and deliver within tight timelines.

Sitecore SEO & Web Content Editor / Developer

G-Tech Solutions for Mahindra Group, India

Jan 2020 – Aug 2022

- Created, published, and maintained automotive webpages in Sitecore 9.0 using approved designs, reusable components, renderings, templates, and governed publishing workflows.
- Supported website content across more than 10 Mahindra vehicle models and localized content in four languages, coordinating source files, approvals, bulk imports, and production validation.
- Implemented HTML and CSS adjustments and worked with marketing, UI/UX, development, QA, and external vendors to resolve content and presentation issues.
- Ran pre- and post-publish QA on responsive behaviour, cross-browser presentation, links, layouts, media, metadata, SEO fundamentals, and accessibility; documented workflows and trained vendors.
- Supported the Scorpio-N booking launch, a high-traffic release that recorded 25,000 bookings in the first minute and more than 100,000 within 30 minutes.

CLIENT WORK

- Permishwar Fashions: WIX Studio website redesign and page editing for an international garment export business, improving organization, presentation, and mobile usability.
- Alvin Solutions: Ongoing WIX Studio website maintenance, homepage and service page updates, and content improvements.
- Mahindra vehicle pages: Sitecore delivery across Scorpio-N, XUV700, Thar, XUV3XO, Bolero, and Scorpio Classic, including structured content, multilingual publishing, and accessibility checks.
- Galaxy Fitness Club: Instagram management and social media post design for a fitness business.

INDEPENDENT PROJECTS

- AI Dental Receptionist MVP: Node and Express workflow using Retell AI and Google Sheets for call handling, lead intake, follow-up, and reporting.
- Other projects: the BillBuddy personal finance app concept, an AI influencer content workflow, and The Inner Citadel podcast on Spotify.

ADDITIONAL EXPERIENCE

Restaurant Manager

A&W Food Services of Canada, London, Ontario

Dec 2024 – Present

- Lead and train employees, manage schedules and competing priorities, resolve customer issues, and maintain service, safety, and compliance standards in a fast-paced operation.
- Apply transferable strengths in team leadership, organization, stakeholder communication, performance monitoring, and consistent execution under deadline pressure.
